Education First is dedicated in providing need-based college scholarships to seniors attending high schools with historically low percentages of college applicants.

By rewarding students with strength of character, a commitment to learning, and a vision for their future, our aim is to invest in individuals who will positively affect their communities.

Overview

Education First is a non-profit organization founded in August of 1995 by a small group of recent college graduates who believe education is critical to enhancing one's life and community. To encourage the pursuit of higher education, Education First provides college scholarship assistance to high school seniors.

Education First has selected three schools within the Austin metropolitan area to participate in our scholarship program for the 2011-2012 academic year. Seniors wishing to apply from these schools must submit an application consisting of written essays and a transcript. Submissions will be evaluated individually and the top applicants from the region will be interviewed. We guarantee at least one interview from Reagan High School.

The student selected from these applicants will receive a \$5,000 scholarship to apply to their college education. In addition, one other deserving applicant will receive a \$3,000 scholarship. For more information on the type of student we seek, please visit our website at:
